NOTE: "." or '#DIV/0!' = value not available due to 0 denominator

¹ Participation Rates: rate per 1,000; C1.2 and C2.2: median (months); Composites: estimated score (estimates <50 set to 50, >150 set to 150 consistent with fed range and to control outliers); All Others: percent (%).

² Performance relative to national std or goaligerformance-50/(standard-50)*100 for composites: (performance)/(standard or goal)*100 for measures with desired increase;(goal)/(performance)*100 for measures with desired increase;

³ Percent change as compared to column P 'Directional Goal'. Percent change=0.0% (no change) or matching direction = "Yes".

⁴ Percent Change=[most recent perf-50]/[baseline perf-50]-1]*100 for composites; (most recent perf/baseline perf-1)*100 for C1.2, C2.2; [(most recent n/most recent d]/(baseline n/baseline d)-1]*100 for others. Composite formula adjusts for scale of 50 to 150.

⁵Because population data are currently derived from three different sources, percent change is not calculated for participation rates.

^{*8}A data are available from Quarter 4, 2008 onwards.

^{**}Comparisons ('Percent change' and 'Direction?') between baseline rate month 1 and most recent rate month 3.

CWS Outcomes System Summary for Sutter County--12.21.11
